FREQUENTLY ASKED QUESTIONS

How long until I feel the results?

It usually takes around 90 days to see changes in the microbiome. However, results vary based on your personal microbiome and health history.

How do I store Pendulum Akkermansia Pro?

Refrigerate for optimal quality.

How long should I take Pendulum Akkermansia Pro?

Akkermansia is a transient strain, meaning that if it isn't continually introduced into your microbiome, it will eventually disappear. The effects of Akkermansia only last while you are taking the product.

Can I take Pendulum Akkermansia Pro with other medications?

While we haven't tested Pendulum Akkermansia Pro with every medication and supplement, there are no contraindications. We recommend seeking the guidance of your healthcare provider.

What if I miss a dose?

Not to worry. Simply take your next dose at your next meal.

Is Pendulum Akkermansia Pro allergen-free?

Pendulum products do not contain any of the 9 major allergens nor does the manufacturing process create allergens; therefore, we are confident that our products are allergen free. Products are produced in a facility that manufactures milk, egg, fish, shellfish, tree nuts, peanuts, wheat, sesame, and soybean-containing products.
